## 2016 IAGD ANNUAL MEETING

### SPEAKER

Joseph J. Massad, DDS

## “Latest Concepts in Implant & Overdentures”

**D**r. Massad holds faculty positions at Tufts University School of Dental Medicine in Boston, an Associate Professor in the Department of Prosthodontics at the University of Tennessee Health Science Center, College of Dentistry, Memphis Tennessee as well as an adjunct associate faculty with the Department of Comprehensive Dentistry, the University of Texas Health Science Center at San Antonio, and Past Director of Removable Prosthodontics at the Scottsdale Center for Dentistry in Arizona from 2006 – 2010. Dr. Massad served from 1992 – 2003 as an associate faculty at the Pankey Institute in Florida. Dr. Massad is a fellow of the American College of Dentists, the International College of Dentists and Regent/Fellow of the International Academy for Dental Facial Esthetics. Dr. Massad practices privately in Tulsa, Oklahoma.

**PACE**  
FAGD/MAGD Approved  
6/1/2013 to 5/31/2017

The AGD-Iowa is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry. The current term of approval extends from 6/1/2013 to 5/31/2017. ID# 219301

### LECTURE

## “Latest Concepts in Implants and Overdentures”

Friday, March 11 : 7:15am–5:15pm

8 hrs. AGD Removable Lecture Credit —  
IDBE pending final approval

**T**his course will contain current concepts and available product approaches in the application of building from the foundation up, the most “dreaded” of all restorations, the complete denture. This process will be applied as the guide to making all implant restorations for total reconstruction.

#### LEARNING OBJECTIVES:

- Apply current evidence to implement implant-retained prosthetic restorations
- Utilize a protocol-based procedure to accomplish predictable results
- Achieve maximum efficiency and decrease chair time with increased quality by using a proven algorithm

a cocktail reception

### HANDS-ON TRAINING

## “Latest Concepts in Implants and Overdentures”

Saturday, March 12 : 8am–8pm

Sunday, March 13 : 8am–2pm

16 hours AGD Removable Participation  
Credit — IDBE pending final approval

**I**f you attend the entire weekend AND are an AGD member, you will receive 24 hours of Participation Credit in Removable Prosthodontics. 24 additional hours of participation credit may be earned by presenting a clinical homework assignment after the course and presenting in October of 2016. There is an additional fee.

This course will allow the participants to go through a dry run of the procedures in the fabrication of complete and implant-retained restorations. From impressing, to occlusal records, to delivery. Examples and exercises will be provided for a comprehensive experience.

#### LEARNING OBJECTIVES:

- Apply impressing concepts to most prosthodontic therapies. Utilize a gothic arch tracing device for various dental scenarios.
- Make a final impression for complete edentulous to multiple implant restorations.
- Make an anterior esthetic setup in 10 minutes done at chairside.
